///ABOUT OUR COMPANY

The Scotchdale Company was born in the thick underbrush of Scottsdale Arizona. This world class whisky was the creation of two scotch whisky aficionados with a thirst for the finer things in life.

Through many years of passionate whisky blending these whisky bandits were able to discover the coolest blends to tame the Arizona heat. Using the finest blended pure malt whisky from the Highland and Speyside regions of Scotland our spirit has been perfected to embrace those hot desert nights.

/// ABOUT OUR COMPANY

Through many years of passionate whisky blending these whisky bandits were able to discover the coolest blends to tame the Arizona heat.

Using the finest blended pure malt whisky from the Highland and Speyside regions of Scotland our spirit has been perfected to embrace those hot desert nights.

Angus Dundee Distillers has over 60 years experience of distilling, bottling and exporting Scotch Whisky products and other spirits around the world.

Our spirits are matured and sun kissed in charred American oak bourbon barrels for a minimum of 8 long years.

The result...

flavorful whisky with hints of honey, chocolate, caramel, oak and coffee. Scotchdale finishes smooth and distinct, and is great neat, on the rocks, or in your favorite distinguished cocktail.
